Notes:

1. All above Capri housings are UL Compatible with the CRL6K-14-30K and are supported by the full Philips Warranty
2. Compatibility of non-Capri manufacturers was determined by the CRL6K-14-30K physically fitting into the listed recessed housings. In all cases, any socket bracket hardware must be removed prior to attempting to install the CRL6K-14-30K module. This list of housings does not guarantee compatibility, nor extends any form of warranty to these housings. It is the responsibility of the installer to ensure the CRL6K-14-30K physically fits and holds securely within the intended housing.
